

PAID FREIGHT PROGRAM

As part of our ongoing commitment to your housewares replenishment program, Resort Supply offers your property a Paid Freight Program. It's straight forward, simple and sure to save your property money. Your replenishment orders will fall into one of 3 tiers:

Orders \$1 to \$999.99	Orders \$1000 to \$1999.99	Orders \$2000+
<p>SHIP "BEST WAY" STANDARD FREIGHT CHARGES APPLY</p> <p>Of course, we'll always price out multiple carriers and select the least expensive method.</p>	<p>10% FREIGHT CAP</p> <p>Standard freight charges apply, not to exceed 10% of the order total for shipment to a single continental US location.</p>	<p>WE PAY THE FREIGHT</p> <p>Any orders for stock merchandise will ship with prepaid freight to a single continental US location.**</p>

In the event that you submit an order that is just short of qualifying for the next freight tier, we will place a courtesy call to see if it makes sense to add additional product. If you're going to spend a hundred dollars on freight, why not get product instead!

The final component to the freight program will include shipment notification. We'll send you an email the day your order ships informing you of an estimated time of arrival.

Thank you for your business!

****THE FINE PRINT:** Accounts must be in good standing with invoices paid within terms. Paid freight orders generally ship within 5 to 7 business days. If you need expedited shipment or delivery, we're happy to get you a shipping quote, but the actual shipping charges will apply. Any special order or limited stock items can either ship prepaid with the rest of your order (if you meet the other requirements), but this may delay your order shipment. If you'd prefer to have the special order items shipped separately when they arrive, standard freight charges on the special order item(s) only will apply.
